SME LOGISTICS GROUP

Message from Leadership

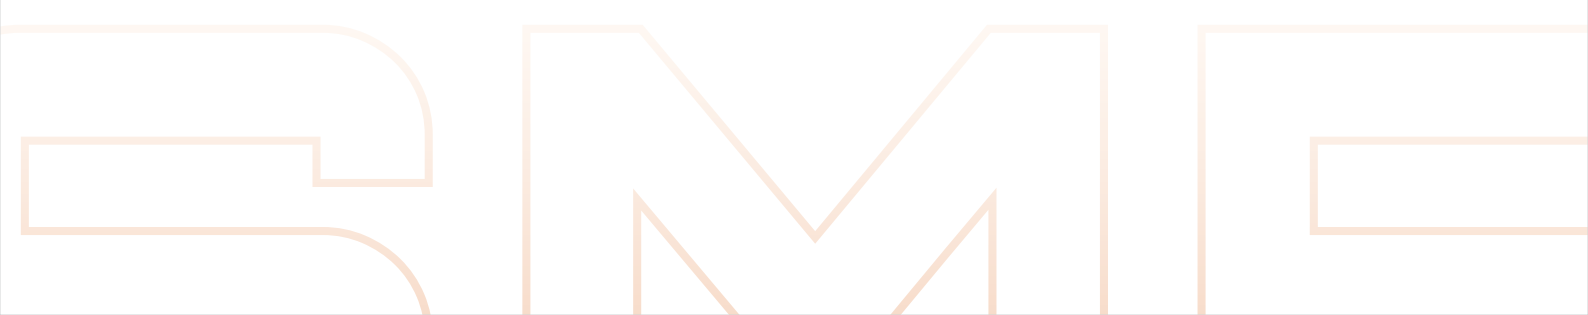

Mr. Vu Bui Quang
President

Under the unified brand of "SME Logistics Group" our mission is to deliver a positive, reliable experience to each and every one of our clients while offering exceptional value in the marketplace and setting the standard for professionalism in the logistic solutions we provide. We are constantly striving to improve and expand our globe-spanning network and develop new and better business operations.

Mr. Vu Ba Khanh Trinh
Co-founder - CEO

Trust is everything, and we know how precious and how potentially fragile it is. As a result, every action we take is geared towards building and strengthening the trust our clients put in us. That means offering client-centric service, and never failing to deliver on our promises. We believe the best way to maintain our clients' trust is to exceed their expectations in every single interaction.

About Us

Established in 2006, SME Logistics Group is one of the leading international freight forwarding, project logistics and shipping agency companies delivering cost-effective solutions throughout Vietnam and Indochina.

Supported by its own 15 offices in Vietnam and thousand of agents worldwide, SME Logistics Group employs a team of professionals that follows up and follows through on each and every transaction we manage. With our Global Service Network we aim to be the most reliable Freight Forwarding, Project Logistics Management and Shipping Agency Company in the market with an inspired, people-driven and dedicated approach to serving our valued customers.

While we are proficient in offering worldwide moving, freight forwarding, project logistics and related services, we are not satisfied with just that; we also strive to be committed advisors to our customers and associates at all times.

SME Logistics delivers integrated logistics solutions, project cargo transportation, and shipping agency services, all customized to address the specific requirements of our clients. Through continuous learning and close engagement with customers, we ensure consistent service excellence and reliability, positioning ourselves as a trusted logistics partner in the market.

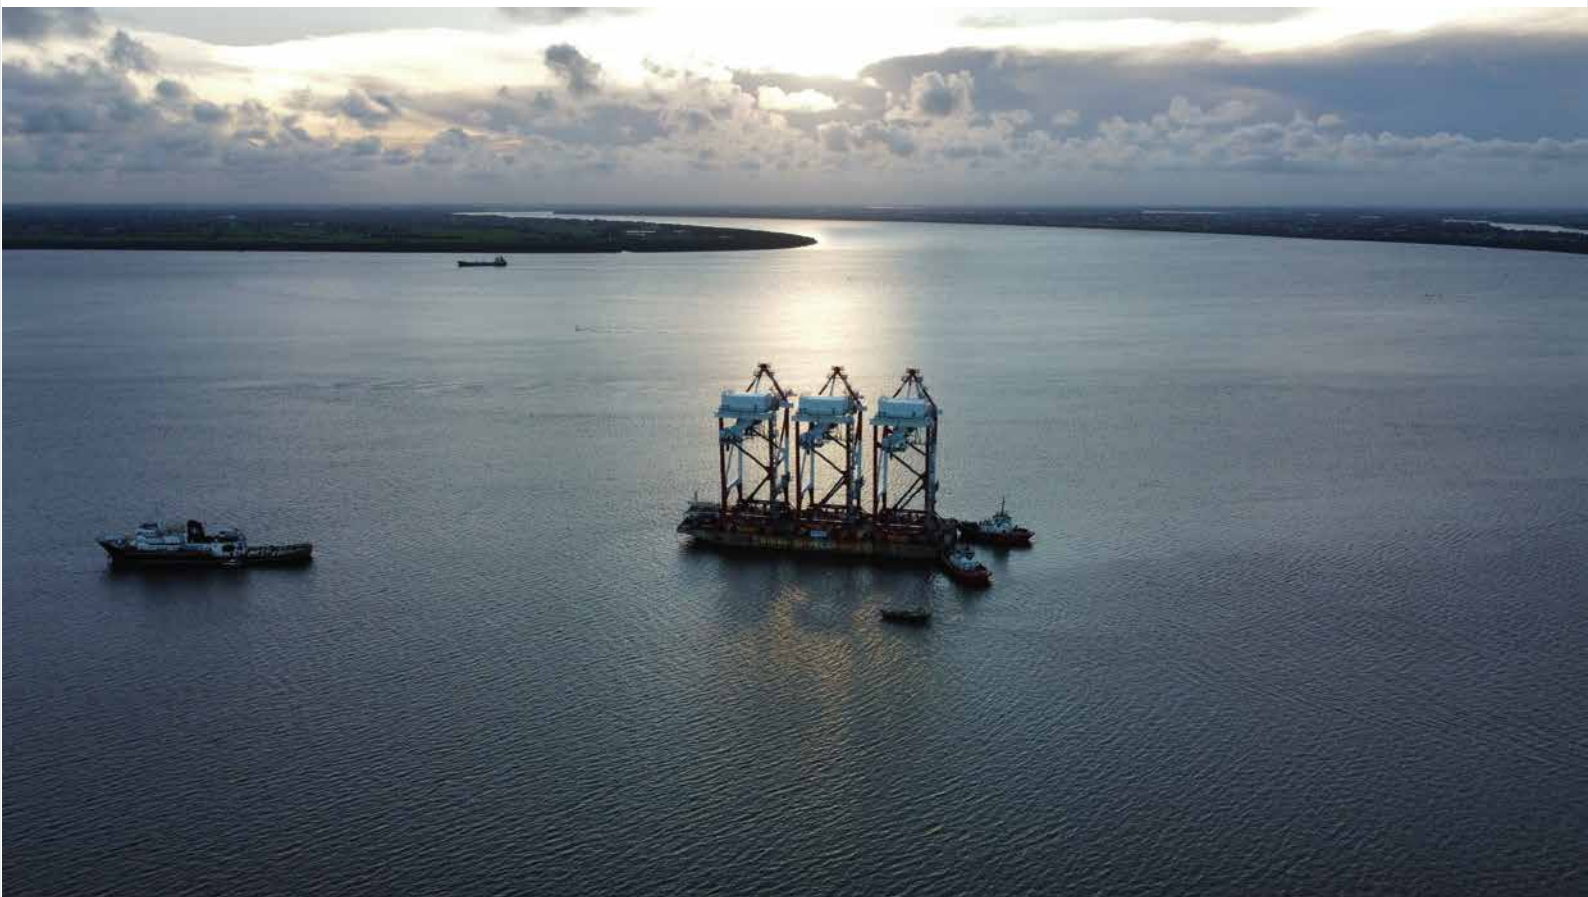

Our established multimodal transport networks connecting Vietnam to the world have proven capable of handling any type of cargo. Partnering with top-tier corporations globally and in Vietnam, we take pride in our solid reputation. We commit to upholding these high standards to continuously drive supply chain efficiency across Vietnam and the region.

- Permanent Import/Export procedures
- Consultancy Services
- Customs Bonded Carriage

Warehouse Management

SME Logistics Group offers secure storage facilities at all key destinations in Vietnam. Our warehouses are among the safest places to deposit your goods.

There are two basic reasons for this: For security, they are equipped with electronic theft and fire alarms backed by round-the-clock security guards. For hygiene, in addition to normal hygiene standards, we can offer our customers certificates guaranteeing constant checks carried out by specialist companies. All goods are properly protected so that they can remain in our warehouse for as long as the customer deems necessary.

SME extensive warehousing and distribution system will pick, pack, store and distribute consignments anywhere in the region by

efficient modes of transport. Special warehousing facilities for household goods and personal effects are also available at all SME locations.

OUR WAREHOUSING SERVICES INCLUDE:

- Short and long term storage
- Cargo loading and unloading
- Cargo labeling and packing
- Fumigation and Pest control
- Packing and Crating services
- Cargo Distribution
- POD Reporting

Project Logistics

Experience counts when it comes to handling complex projects and movements of oversized and heavy lift cargoes. Managing complex transportation for large scale projects requires experienced, intelligent and knowledgeable personnel who are committed to researching all options, investigating each detail, surveying and identifying potential obstacles, physical and non-physical, and reacting to extraordinary circumstances with quick and decisive actions.

Our approach is to break down project logistics and transport into essential elements, and then to assign direct supervision over each. Advance trips by our Projects Operations Specialist to the key points in the project corridor ensure that SME Logistics Group has the first-hand knowledge required to "make things happen". A Project Coordinator is then assigned to manage all facets of communication, logistics and transportation operations and becomes the direct liaison with the customer.

The success of SME's Project Logistics lies in its commitment to understanding what is required. Our specialist advisers become fully conversant with the requirements of a project and ensure that customer specified deadlines, HSE aspects and special instructions are strictly adhered to.

SME Logistics Group specializes in project freight management and all associated planning and implementation services. Whether you are moving an individual heavy lift or complete industrial plant from various origins around the world to remote construction sites, we arrange for customized transportation concepts for the entire route on a door to door basis.

Factory Relocation

Vietnam is a promising investment destination for international investors and companies. More and more factories are located in Vietnam, which raise the needs of factory relocation service.

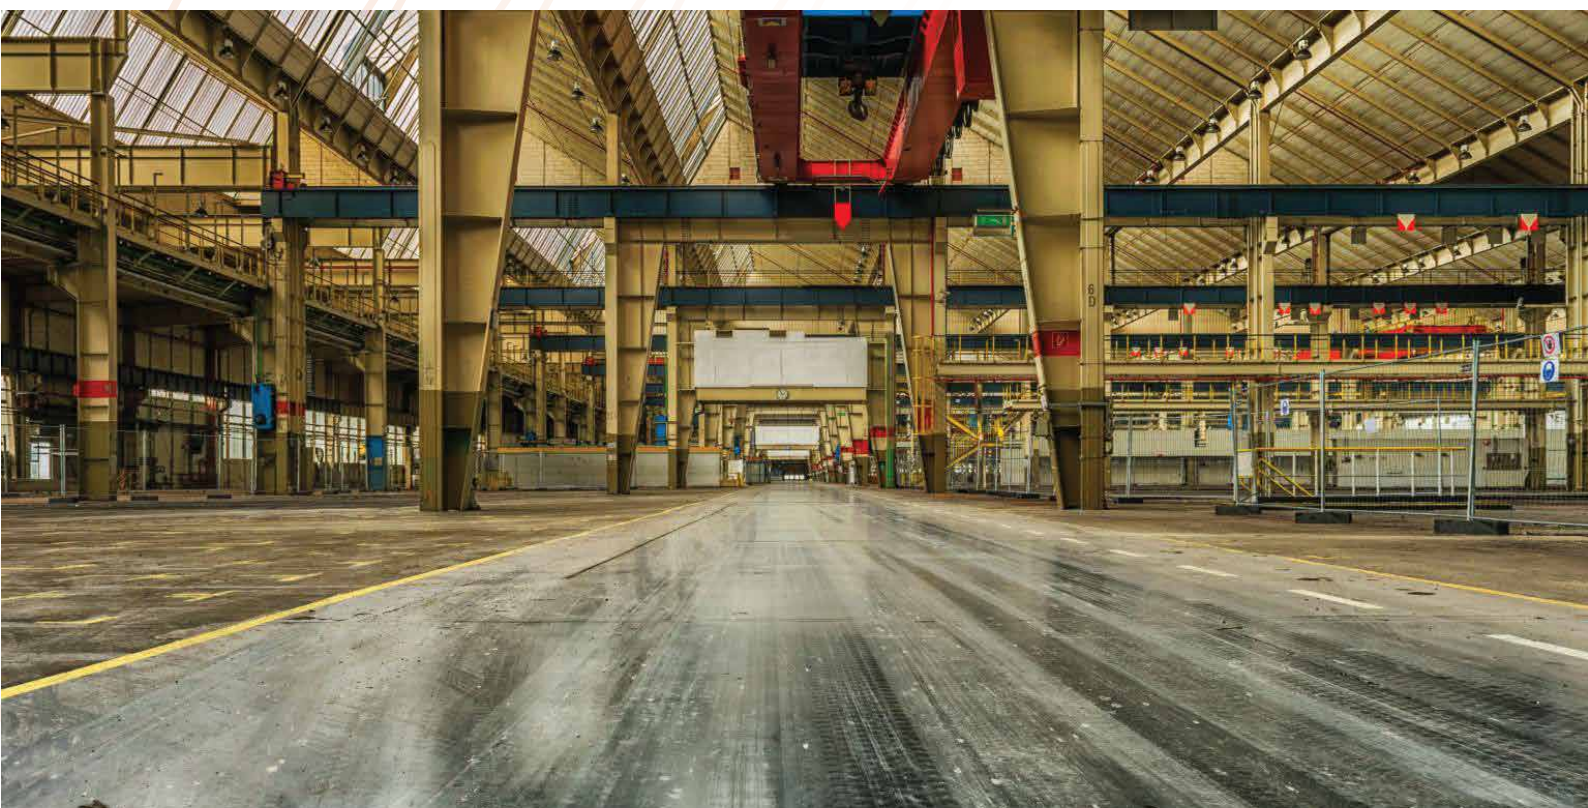

Factory relocations are one of the most challenging projects a machinery company can undertake. To ensure a client's factory relocation project is a success, they must keep disruption and downtime to an absolute minimum, as well as meeting cost and timescale expectations.

A factory relocation can be complex and challenging, which requires expert knowledge and experience. This is why it is vital that companies use professionals with the experience and knowledge to complete it

successfully. The dangers of late delivery, or incorrect installations can cause severe disruption and potential financial losses for clients, which is why it is vital to get it right first time.

SME Logistics Group is a group of companies which meets all your need of experience with factory moves, equipment and machine relocation projects. We operate the tools, equipment, vehicles and more that ensure that your factory's most delicate instruments arrive in tip top form at their final destination.

Since every factory relocation project is different, SME Logistics Group will provide you with a scope of services tailored to fit your requirements.

OUR FACTORY RELOCATION SERVICES INCLUDE:

- Customer tailored consultancy
